

TEAK FLAGPOLE

Short Description

Traditional and elegant teak flagpoles for a long-lasting classic style on your boat. The high oil content of the wood keeps it from deteriorating or warping in the harsh marine environment of sun, wind, and water.

Description

Traditional teak flagpoles for boats.

- Made from fine sand-finished, untreated teakwood
- Socket liner in stainless steel
- Available in 5 lengths from 600 mm to 1,210 mm
- No deteriorating or warping

To maintain the lasting beauty of the teak, it should be cleaned using a good teak cleaner and oiled periodically with quality teak oil.
