

# Rakego

Folding brackets that let you build upwards and fold downwards with style

## The easy way to maximize space

No one should have to worry about not having enough space. Rakego makes it easy to create more room and flexible surfaces in small environments. The brackets are easy to fold, can be mounted on different angle positions and are made for both vertical and horizontal lids. And, the soft close function makes each movement an experience!

## It will never go out of style

You'll never find another bracket-series like Rakego. Evolved from our old and golden products, this series includes folding brackets that are nothing like other folding brackets made for small spaces. Thanks to its elegant, slim and telescopic design, these products will never be outdated.

## It won't break

It will hold up its end of the bargain! The products have been put through various tests in harsh conditions to ensure the highest quality. They withstand loads up to 140 kg. With great strength, they last for years - sometimes even for a lifetime.

## A thousand possibilities

You don't have to look any further. In order to make it easy to maximize space, the Rakego-series includes folding brackets for all kinds of tables and countertops no matter the space, size or loading.

## Safe and sound

Safety first! With Rakego, you won't get your fingers caught in the crossfire. The series boasts great safety standards and the subtle details make the products reliable and secure to use.

## The hinge

For optimal durability and look - use the matching Rakego hinge. Same indispicable quality and design as the Rakego folding bracket.

## Some basic facts about Rakego

## Folding brackets to maximize your space with style

Since 1976 we've been designing and manufacturing folding brackets to manufacturers around the world. Brackets that may not be obvious at first, but truly make all the difference when you want to maximize space, both indoors and outdoors.

We believe in sustainability, in creating solid products that do not let our customers down. Our products hold the highest quality, which shows in both the materials and the design. They feature smart solutions and are constantly put through further improvement and rigorous testing. Cause even though we're into our fifth decade, we continue to be as inquisitive and passionate about development as ever.

Apart from providing products, we gladly lend you a hand when it comes to everything from design to construction and service. We love challenges, are willing to take on even the most demanding of projects and gladly help you find your perfect match. We're a one stop shop.
